

BUILDING PRODUCT DECLARATION BPD 3

in compliance with the guidelines of the Ecocycle Council, June 2007

1 Basic data

Product identification			Document ID 2.12		
Product name	Product no/ID designation	l	Product group		
THERMOSTATIC MIXING VALVE VTA300 LF	3210XXXX		3210		
New declaration	In the case of a revise	d declarati	on		
Revised declaration	Has the product been changed?	The change relates to			
	⊠ No ☐ Yes	Changed pr	anged product can be identified by		
Drawn up/revised on (date) 2020-04-01		Inspected without revision on (date)			
Other information:					

2 Supplier information

Company name ESBE AB		Company reg. no/DUNS no				
Address Bruksgatan 2	2	Contact person				
SE-333 75 REFTELE			Telephone +46 371 570 100			
Website:		E-mail order@esbe.se				
Does the company have an en	ironmental manage	ement system?	⊠ Yes	□No		
The company possesses certification in compliance wi	ISO 9000	⊠ ISO 14000	Other	If "other", please specify:		
Other information:						

3 Product information

Country of final manufac	cture Sweden	If country cannot be stated, please state why							
Area of use Hot water- and heating installations									
Is there a Safety Data Sh	eet for this product?		Not relevant			□No			
In accordance with the re	Classificati	ion		Not relevant					
Chemicals Agency, pleas	se state:	Labelling							
Is the product registered	in BASTA?				Yes	⊠ No			
Has the product been Criteria not found Yes No If "yes", please spe					ecify:				
eco-labelled?									
Is there a Type III environmental declaration for the product?						⊠ No			
Other information: See	product data sheet at ES	Other information: See product data sheet at ESBEs home page.							

4 Contents (To add a new green row, select and copy an entire empty row and paste it in)

At the time of delivery, the product comprises the following parts/components, with the chemical composition stated:									
Constituent materials/ components	Constituent substances	Weight % or g	EG no/ CAS no (or alloy)	Classifi- cation	Comments				
Brass components	-	90%	7439-92-1		SV HC- subject (lead)				
Plastic components	PA 6 PES	4% 1%	25038-54-4 25667-42-9		_				

Thermostatic components	-	4%							
Other components	-	1%							
Other information:									
If the chemical composition of the product after it is built in differs from that at the time of delivery, the content of the finished built in product should be given here. If the content is unchanged, no data need be given in the following table.									
Constituent materials/ components	Constituent substances	Weight % or g	EG no/ CAS no (or alloy)	Classifi- cation	Comments				
			_						
Other information: Lead is included in the candidate list (SV HC subject). Reporting to Echa is done by the raw.
